

D-Evail™ Suite

HIGHLY ABSORBABLE VITAMIN D WITH
VITAMINS K1, K2, AND GG

FOUNDATIONAL HEALTH

D-Evail™ is a highly absorbable form of vitamin D3 alongside vitamins K1 and K2, and geranylgeraniol (GG) to support bone, immune, and cardiovascular health.* The D-Evail™ Suite has three products with varying amounts of vitamin D, depending on the clinical need. D-Evail™ Synergy contains 2,000 IU of vitamin D3; D-Evail™ Supreme contains 5,000 IU of vitamin D3, and D-Evail™ 10K contains 10,000 IU of vitamin D3. Each product in the D-Evail™ Suite contains 1,050 mcg of vitamin K and 5 mg of GG for bone health, along with medium-chain triglycerides and quillaja for enhanced bioavailability.*

Vitamin D is a fat-soluble vitamin that may support bone health, cardiovascular health, and a healthy immune response.* Evidence suggests that vitamin D3 can be more effective at raising and maintaining vitamin D levels in the body rather than vitamin D2. As with vitamin D, vitamin K is a fat-soluble vitamin that supports bone health.* Current research suggests that the combined supplementation of both vitamins D and K can be more effective than either vitamin alone for both bone health and cardiovascular health.*

Benefits*

- Bone health
- A healthy immune response
- Cardiovascular health

Recommended Use

Take 1 softgel daily with food or as directed by your health-care practitioner.

Warning: Due to the inclusion of vitamin K in this product, use caution when using D-Evail products with patients taking Coumadin, warfarin, or other anticoagulant medications.

Highlights

- Vitamin D3 as cholecalciferol with clinically relevant amounts depending on need:
 - D-Evail Synergy™ contains 2,000 IU of vitamin D3 for maintaining optimal vitamin D status
 - D-Evail Supreme™ contains 5,000 IU of vitamin D3
 - D-Evail 10K™ contains 10,000 IU of vitamin D3 for short-term supplementation
- 1,000 mcg of vitamin K1 as phytonadione and 50 mcg of vitamin K2 as MK-4
- Formulated with the Evail™ emulsification technology that includes MCT and quillaja extract for enhanced bioavailability
- No petrochemicals or synthetics
- Softgel delivery
