

Daily Immune[†]

Vitamin, mineral and herbal support for immune health[†]

INDICATIONS

- Ages 18 and up
- Healthy immune system function[†]

BENEFITS

- Supports immune system function[†]
- Helps maintain healthy immune cell activation[†]

FEATURES

- Vitamin, mineral and herbal support with vitamin C, quercetin, zinc and other essential vitamins and minerals
- Made with high-quality vegetarian ingredients backed by verifiable science

VERIFIABLE SCIENCE

Vitamin C and zinc form a foundation for overall health by supporting immune system function.^{1,2} Vitamin D receptors are found in a number of immune cells, including lymphocytes and macrophages, supporting healthy immune cell activation.³ Elderberry and lemon balm extracts offer immune-supportive anthocyanins, flavonoids and polyphenols.⁴ Polysaccharides from arabinogalactan, aloe and maitake provide complementary support for healthy immune activity.⁵⁻⁷ Quercetin plays an important role in mast cell function.⁸ Astragalus and eleuthero have been added for their adaptogenic potential.^{9,10†}

SUGGESTED USE

As a dietary supplement, take 2 capsules daily, with meals, or as directed by a health professional.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medications, particularly immunosuppressants, consult your health professional before use.

SOURCE

- Vitamin C is derived from corn dextrose fermentation
- Vitamin D₃ is derived from lanolin.

- Zinc is derived from earthen ore
- Citrus bioflavonoids and hesperidin methyl chalcone are derived from orange, grapefruit, lemon, lime and tangerine
- Elderberry extract is derived from the fruit and standardized to contain 28% anthocyanins
- Lemon balm extract is derived from *Melissa officinalis* leaf and standardized to contain 5% rosmarinic acid
- Arabinogalactan extract is derived from *Larix* spp. (larch tree) gum
- Aloe vera extract (200:1) is derived from the inner fillet of *Aloe barbadensis* and standardized to contain 10% polysaccharides
- Maitake mushroom extract is derived from the whole plant body of *Grifola frondosa*
- *Astragalus membranaceus* extract is derived from the root
- *Eleutherococcus senticosus* extract is derived from the root and standardized to contain 0.8% eleutheroside E & B

NOTES

Size 00 caps

Bottle count 120

Order code DI21

Bottle size 290 cc
